F#m                            G
One pill makes you larger and one pill makes you small
      F#m                               G
And the ones that mother gives you don't do anything at all
       A     C       D     A
Go ask Alice when she's ten feet tall

And if you go chasing rabbits and you know you're gonig to fall.
(                        ?                       )
Go ask Alice when she's just small.

      E                            A
When men on the chessboard get up and tell you where to go..
E                                             A
And you've just have some kind of mushroom and your mind is moving low.

      F#m
Go ask Alice   I think she'll know
F#m                          G
When logic and proportion   have fallen  ( ?)ly dead.
      F#m                                 G
And the white knight is talking backwards and the red queen's off with her head
  A    C      D       A
Remember   what the door mouse said
E        A
Feed your head
