song I wrote.

You might want to sing it and note
Your head.

Somebody came and took
Ain't got no gal to make.

for your note.

Don't worry.

your bed.

Don't worry.

you smile.

Don't worry.

be happy.

be happy.

The 'Cause

be happy.
In every life we have some trouble,
when you worry your face will frown.

But when you worry you make it doubtful.
Don't worry, don't worry, don't worry.

He may have to ligate.
Don't ligate, don't ligate, don't ligate.

Every body will bring you down.
Don't bring you down, don't bring you down, don't bring you down.

Worry, worry, be happy.
(Spoken: Look at)
Don't
worry, be I'm happy now.

worry, be happy now.

Oo.

Don't worry.

Oo.

Oo.

Be happy.

Oo.

(Spoken:) Here, I give you my phone number. When you worry, call me, I make you happy.

Oo.
Oo. Don't worry.

Oo. Be happy.

Don't worry, be happy.
Spoken Ad Lib. Over Repeat and Fade:

Don’t worry. Don’t worry. Don’t do it.

Be happy. Put a smile on your face.

Don’t bring everybody down. Don’t worry. It will soon pass, whatever it is.

Don’t worry. Be happy. I’m not worried.

I’m happy.
