

[Verse 1]

All my girls at the party  
Look at his body  
Shakin' that thing  
Like I never did see  
Got a nice package alright  
Guess I'm gonna have to ride it tonight

[Chorus 1]

All for you  
If you really want it  
All for you if you say you need it  
All for you if you gotta have it  
All for you make a move  
All for you

I see you staring out the corner of my eye  
You seem uneasy want to approach  
Throw me a line  
But then something inside you grabs you says who am I  
I know exactly cuz it happens with all the guys

[Chorus 2]

]

So you do what you gonna do  
Come on and talk to me  
Promise you won't even have an attitude  
I'll let you sit right next to me  
Don't join the list of other fools  
That ain't the way to be  
Yes, it's cool  
Yes, I'm in the mood

[Chorus 1]

Intimidations got that mind  
Can't be afraid or keep me waiting too long  
Before you know it  
I'll be outta here I'll be gone  
Don't try to be all clevercute, or even shy

**[Chorus 2]**

**Don't have to work that hard  
Just be useful and let that be your guide  
So you do what you gonna do  
Come on and talk to me  
Promise you won't even have an attitude  
I'll let you sit right next to me  
Don't join the list with all the other fools  
That ain't the way to be  
Yes, it's cool  
Yes, I'm in the mood**

**[Chorus 1]**
