

ANOTHER BRICK IN THE WALL

We don't need no education
We don't need no thought control
No dark sarcasm in the classroom
Teacher leave them kids alone
Hey, teacher leave them kids alone!
All in all it's just another brick in the wall
All in all you're just another brick in the wall
We don't need no education
We don't need no school control
No dark sarcasm in the classroom
Teachers leave us kids alone
Hey, teacher leave us kids alone!
All in all you're just another brick in the wall
All in all you're just another brick in the wall
