Verse:

If I had money, money, money...</br></br>

A#m   C#   G#

          A#m   F#
Imagine if money just grew on trees,
                   C#   G#
I would spend the whole day planting seeds,
                  A#m   F#
wish that I could give you everything,
                   C#   G#
and treat you to the world's most beautiful things</br></br>

Pre-Chorus:
         A#m   F#
I know you don't ask for nothing,
             C#   G#
you don't want material,
          A#m   F#
but I want to show you Heaven,
          C#
and you know some day, I will...</br></br>

Chorus:
              A#m
I'd give you every diamond ring,
        C#   G#
get that beach house by the sea,
        F#
we'd be living like kings and queens,
          C#   G#
If I had money, money, money,
        A#m
get you every pair of shoes,
          C#   G#
San Tropi on a yacht, we'll cruise,
           F#
we'd have nothing in the world to lose,
          C#   G#
If I had money, money, money...</br></br>

Verse 2:
                      A#m   F#
I know that being rich can't buy you love,
                 C#   G#
even if we're broke, we won't give a f***,
               A#m   F#
you and me will always be enough,
               C#   G#
but you know I ain't giving up,</br></br>

Pre-Chorus:
          A#m   F#
I know you don't ask for nothing,
             C#   G#
you don't want material,
            A#m   F#
but I want to show you Heaven,
          C#
and you know some day, I will...</br></br>
